

The Glen Ellen Historical Society is joining forces with the Glen Ellen Forum, the Sonoma Ecology Center, and the Sonoma Land Trust in developing a proposal for what happens to Eldridge after SDC has gone at the end of this year.

Come to a public discussion 6:30 Monday evening, April 16th, at Dunbar School, and watch for other announcements up until then.

Go to the Forum's SDC/Eldridge webpage at <http://glenellenca.org/sdceldridge-transition> for further information.

There's a lot going on and, if you live nearby, you're involved.
